

Complete Hidden Fastening System

TimberTech® offers a complete hidden fastening solution with TimberTech CONCEALoc® and TimberTech Cortex®.

CONCEALoc Hidden Fastener

- Designed for the deck surface, except for perimeter boards & stairs
- Stainless steel
- Designed exclusively for TimberTech Grooved planks
- Can also be used with TimberTech Solid profiles if groove is routed
- Built-in spacing tab provides uniform 1/8" - 3/16" gapping
- Available in cartons (100 sq ft coverage) and buckets (1,000 sq ft coverage)

Hidden Fastener
CLOCFAST
8 cartons/unit
CLOCBULK
1 bucket/unit

CONCEALoc Groove Cutting Router Bit

- 1/4" shank diameter and 3-wing cutter
- High quality carbide tips
- Sealed bearings re-configured so grooves can be routed while board is set on joist

Router Bit
CLOCRBIT
6ea/unit

CONCEALoc Replacement Screw

- Same screws sold with CONCEALoc Hidden Fasteners
- High-quality stainless steel with black oxide finish
- #7 x 1-5/8" screws with square drive and type-17 point
- 50 screws per bag
- Driver bit included

Replacement Screws
CLOCSCREW
20 retail bags/unit

CONCEALoc Gun Pail

- For use with Tiger Claw pneumatic installation gun
- 500 sq. ft. pail (900 clips)
- Includes collated screws for use with the installation gun (versus standard CONCEALoc screws)

Gun Pail
CLOGUNPAIL
1 bucket/unit

CONCEALoc L-Bracket

- Avoid face screwing by using L-Bracket on first and last boards
- Can also be used as butt seam clip to eliminate the need for sister joists
- High quality stainless steel

L-Bracket
CLOCLBKT
10 retail bags/unit

TimberTech Cortex

- Face fastener plug to complete your hidden fastening system
- Perfect color match for most TimberTech products
- Great for perimeter and stair boards
- 100 lin ft retail box includes 224 screws, 300 plugs & two setting tools
