Quality Materials. Easy Installation. Affordable Price.

Proven quality. Affordable price. RadianceRail Express provides a high-quality capped wood composite railing system made from the same material as RadianceRail and is available at a best-in-class value. RadianceRail Express combines proven durability with quick, intuitive installation.

- Priced competitively with most vinyl systems
- Available in 6' or 8' sections in 36" or 42" rail heights
- Sturdy, solid feel that resembles painted wood
- Made with the same durable, low-maintenance materials as RadianceRail
- Installs at a 45-degree angle without overhang on the post sleeve
- 4"x4" post sleeve in 39" and 8' lengths, post caps and post skirts sold separately
- Customize your top rails, bottom rails, balusters, and post sleeves with easy mix and match options
- 25-year limited warranty for residential applications
- Gaskets offered for straight sections to hide minor cutting imperfections
- TimberTech products are designed to resist fading. Depending on environmental conditions, colors may change over time, consistent with the warranty guarantees where applicable.
